Section 9.4: Using Technology to Survive

Key Question: What technologies do Aboriginal peoples use to survive in extreme environments?

BEFORE YOU READ

Predict how each technology helps the Inuit live in the Arctic environment.

Technology	Prediction	After reading
snow houses		
snow sleds		
snowshoes		
parkas		
sunglasses		
oil lamps		

WHILE YOU READ

After you read about each technology, think about

- words you do not understand
- examples and details of the technology
- how the technology has changed over time

AFTER YOU READ

1. Add new information to the table above.
2. Discuss the information in your table with a partner. After your discussion, add any new information you learned to your table.
